Bohlevale State School received (finalised amount)**

\$304,467

Our full 2016 agreement can be found at: <https://bohlevaless.eq.edu.au/Pages/default.aspx>

Our school initiatives are on track to meet or exceed our targets

During 2016, we focused on maximising the benefits of this funding for our students. After reviewing our 2016 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Our initiatives included:

- Implementing a structured, uninterrupted Literacy Block across P-6 to provide focussed and intensive high quality Literacy teaching
- Using student learning data to inform the provision of early and on-going intervention to support identified students to achieve year level benchmarks in reading and writing and A-C standard in English
- Using the school capability building and development framework to build teacher and teacher aide capabilities in the use of signature pedagogical practices, student well-being and management
- Providing students with access to additional behaviour and well-being support to improve student engagement in learning programs
