After reviewing our 2017 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Our initiatives included:

- Using student learning data to inform the provision of early and on-going intervention to support identified students to achieve year level benchmarks in reading and writing and A-C standard in English
- Supporting teachers to engage in collaborative inquiry processes
- Building teacher and teacher aide capabilities in the use of signature pedagogical practices
- Implementing a Student Engagement and Well-being Framework
